THE ARCHIVISION
ADDITION MODULE FOUR
6,000 IMAGES

DISNEY CONCERT HALL • BY F. GEHRY
This catalogue is a partially illustrated content list of architectural sites, gardens, parks and works of art which comprise the Archivision Digital Research Library. The Archivision Library is currently 46,000 18 MB files and is composed of:

1) Base Collection (16,000 images)
2) Addition Module One (6,000 images)
3) Addition Module Two (6,000 images)
4) Addition Module Three (6,000 images)
5) Addition Module Four (6,000 images)
6) Addition Module Five (6,000 images)

The content coverage within each Library module is:

- 60% architecture (most periods)
- 20% gardens & landscapes
- 15% public art
- 5% other design related topics

The Archivision Library makes an ideal complement to any core art digital collection, such as the Saskia Archive or ARTstor. Only the Archivision Digital Research Library meets the needs of students and faculty – for both research and teaching – in the disciplines of architecture, landscape architecture, and urban planning. We do not offer a subscription service – you must sign a site license agreement and pay a one-time license fee for the Library – then you may keep the images and related metadata in perpetuity with no additional annual fees. The exception is where you choose one of our hosted server options – the annual fee you pay is only for the access service.

HOW TO ORDER

SINGLE IMAGES:
The license of small groups of single images is available through our agent Scholars Resource. To search our image sets on the Scholars Resource website, you may use our set codes (or set titles) in the Quick Search field. All of the Archivision holdings may be seen in the Advanced Search – by Vendor – at:

www.scholarsresource.com

ARCHIVISION LIBRARY:
To license the Base Collection or Addition Modules please contact our sales representative, Susan Jane Williams. She will be happy to provide you with a quote based on your situation and needs.

Susan Jane Williams, Archivision Sales Rep. and Data Specialist

RECENT, PROFESSIONAL PHOTOGRAPHY THAT YOU LICENSE AND KEEP IN PERPETUITY. DISCOVER THE DIFFERENCE.

You may now tour the Archivision Library – 46,000 images with complete metadata – online via our new MDID or Luna Demos. Please visit us online and take your tour today!

www.archivision.com

The Archivision Digital Research Library is a unique and fast growing collection of high quality images – photographed by a professional photographer, architect and past VR curator.

Each site documentation is extensive – intending to provide for in-depth visual research and analysis by students of architecture, landscape architecture, urban planning, archaeology, art and art history.

ABOUT THE ARCHIVISION LIBRARY

46,000 IMAGES

A core architecture collection covering important Egyptian, Greek, Roman, Medieval, Renaissance, Baroque, 18th and 19th Century, Islamic and Modern sites, gardens, parks and works of public art selected from our growing archive of more than 120,000 images. The Library can only be licensed in modules, starting with the Base Collection of 16,000 images. The Library expands each year via Addition Modules of 6,000 images each. The Addition Modules are licensed in sequence only, as they complement the growth and balance of the Library as a whole.

DELIVERY SYSTEMS AND COLLECTION MANAGEMENT OPTIONS

The Archivision Library has options for every stage of digital collection development – and every budget. For those institutions that have already chosen cataloging and delivery systems software, the Archivision Library is easy to load with ample format and derivative image choices and rich metadata that is mappable to any standard. The Archivision Library has been successfully used in all the major delivery systems.

For those institutions that are still investigating digital collection software, the Archivision Library presents a unique and no-fail base from which to test one or even several solutions economically.
# THE ARCHIVISION DIGITAL RESEARCH LIBRARY

(licensed by Library modules)

## ONE-TIME LICENSE FEES PER INSTITUTION

- all fees are one-time, in perpetuity, in US$ and subject to change.
- (you may split payment over two fiscal years)

* THIS IS NOT A SUBSCRIPTION SERVICE: With a signed site license and paid invoice for the Archivision Library fee, you will have the option to either 1) host the Library on your own server or 2) gain immediate access to it via the internet for your entire student population through payment of our annual Hosted Server Access Fees – and then DO NOTHING ON YOUR END. Perfect for those who do not yet have a delivery system in place at their institution. Take the Library back and host it on your server at any time. 

† Over 100,000 students, please ask for quote.

For complete information about the Archivision Library, access options, end user site license, and optional hosted server services, please visit us at:

<td>Luna collection build**</td>
</tr>
</tbody>
</table>

Note: MDID/Almagest pre-built collections include a template chart, choice lists, and metadata in csv files with step by step load instructions. EmbARK load files are EmbARK or ASCII.

Other fees:
- Keep hard drive option: $250 per drive shipped
- Shipping: flat rate of $75 per order

* You have the option to take the database loaded with our records & choice lists and catalog your new content with it at no additional fee. VireoCat is a free cataloging utility written in FileMaker Pro; license & support fees apply to EmbARK Cataloguer and Web Kiosk.

** Includes migration of Luna JPEG 2000 images & metadata to your server and a Luna collection build using the Archivision template. Please contract with Luna Imaging for this service and support at sales@luna-img.com.
Santa Maria dell’Assunzione – Ariccia, ITALY – by Bernini

Source: Archivision, Inc.

Agent: Gian Lorenzo Bernini (Italian architect, 1598-1680)

Date: 1662-1664

Description: Scheme based on a circular plan and having a hemispherical dome rising straight from the cornice of the main walls. It is entered through a triple-arched and pedimented portico with pilasters. This remarkably pure combination of cylinder, hemisphere and portico was clearly inspired by Bernini’s contemporary involvement with schemes to restore the Pantheon to its ‘original’ state. Patron: Pope Alexander VII (Chigi)

Location: Ariccia (Lazio, Italy)

Material: stone, stucco, fresco

Style Period: Late Baroque

Subject: coffers (ceiling components); Mary, Blessed Virgin, Saint Assumption; dome: no pendentives; colonnade; portico; putti; angel; scroll; flower garlands; bell towers

Title: Santa Maria dell’Assunzione

Image: Context view, showing location of the church in the Medieval town of Ariccia

Sample record showing VRA Core 4 XML-compliant data. Data is also available in csv (comma separated values) format and can be mapped as needed.

Our photographic documentations are the most extensive available from any source.
